

Impact Payment Security Globally: Serve on the PCI SSC Board of Advisors

The PCI Security Standards Council (PCI SSC) is a global forum for the ongoing development, enhancement, storage, dissemination and implementation of security standards for account data protection. Our role is to enhance global payment account data security by developing standards and supporting services that drive education, awareness, and effective implementation by stakeholders.

The Board of Advisors plays a pivotal role in improving data security globally.

Opportunities

INFLUENCE

Shape the global industry standards and solutions that deliver practical on-the-ground solutions for protecting payment card data.

EXPERTISE

Provide your industry, regional and technical insight to PCI SSC plans and projects.

LEADERSHIP

Represent the nearly 800 global PCI SSC Participating Organizations to ensure global industry involvement in the development of PCI Security Standards.

“ Working with the other BoA members and executive team has been fantastic. Outside of the PCI Council, some of us may be competitors or partners or customers in a broader view, but within PCI, we all share a common goal, which is to contribute our expertise to shape the payment security standards together.

PCI SSC Board of Advisor Member
Irene Ho, Soft Space ”

Responsibilities

- Two-year commitment
- Opportunity to vote on new standards and major revisions
- Attendance at hybrid meetings and conference calls
- Engagement in Board-driven initiatives

A global view requires local understanding. Effective standards and resources are developed with practical, on-the-ground insights from industry leaders. Demonstrate your expertise and leadership and impact payment security globally. Serve on the 2025-2027 PCI SSC Board of Advisors.
